

McGraw Hill

(Assessment and Learning in Knowledge Spaces)

ALEKS is a research-based, online learning program that offers course products for **Math, Chemistry, Statistics, and more**. Rooted in 20 years of research and analytics, ALEKS is a proven, online learning platform that helps educators and parents understand each student's knowledge and learning progress in depth, and provides the individual support required for every student to achieve mastery. It also provides instructors with the flexibility to create courses that meet the needs of their students and to support their curriculum.

Content

Alternative Text Files: We provide electronic files of the main text content for use by students with disabilities. In order to send a file, we require a written request from the disability services center of your school. Requests can be submitted via Access Text Network at www.accesstext.org or submitted directly to McGraw-Hill Education. To submit to McGraw-Hill, please email us at mhe-permissions@mheducation.com or fax the request to 646-766-2019.

McGraw-Hill Education is actively working on developing more accessible assessment experiences. While some of our interactive assessment questions are not yet accessible to users of assistive technology, we continue to make improvements with each platform release.
